

*The presents are all wrapped and
Wait beneath the Christmas tree.*

*A gift can say I love you
And how much you mean to me.
But real love isn't shown by
How much money we can spend.
There's more than just a price
Upon the value of a friend.*

CHORUS

***So give freely of your talents, so give freely of your time.
The smallest gifts can lift a heart, a light of hope to shine.
Don't give up on doing good, the smallest gestures play their part.
Give of your best to others, for your love can lift a heart.***

*If someone really cares for you
It lasts the whole year through.
A million Christmas gifts
Will never prove that love is true.
Happiness is little things
That happen day by day.
By showing care for others
So much joy will come your way.*

CHORUS

So give freely of your talents, so give freely of your time...etc.

*At Christmas as you celebrate
With those you hold so dear,
Your life can be much richer
If you give throughout the year...
To those in need, to those who
Are less fortunate than you.
The greatest gift is giving
Of the best that you can do.*

CHORUS

So give freely of your talents, so give freely of your time...etc.
