PRIMARY SCHOOL

# Year R: Our Learning

Friday 15<sup>th</sup> May 2026

## Messages for Parents/Carers –

We are looking forward to welcoming you to school next week for our parental engagement session on **Wednesday 20<sup>th</sup> May** from 8.30 to 9.30 to help us learn all about pirates. The children will can wear pirate costumes that day. If parents would like to wear a pirate hat, a stripey top or a pirate patch that would be amazing!

This week we are thinking all about the **lifecycle of a chick**. In your family can you complete some of these home learning challenges?

You can upload photos onto Tapestry. Please title your post My home learning.

We can't wait to see how much fun you have learning about **lifecycle of a chick** at home!

### Terrific talk words

high  
telescope  
mistaken

low  
peering  
fin

Let's see what we can find today!

Let's think about it!

I can do it if I can keep trying!

### Curious Crab

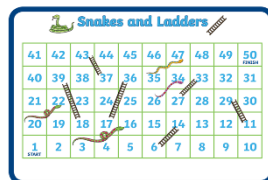

We have really loved watching the chicks, hatch develop and grow over the last 10 days.

Can you make a mini folding book or booklet all about the chicks? You could include information about their life cycle, facts about chicks or even make up your own chick story.

### Solving starfish

In our maths learning this week we have been playing games that involve counting to 30,40 or 50. Can you play the snakes and ladders game on the back of this sheet? When you land on a ladder you can climb up to a bigger number but when you land on a snake you have to slither down the snake.

### Trying Turtle

Can you practise your phonics by playing this game? Blending words like this is a really important part of reading and writing.

Our **phonics** the sounds that we have been learning in school this week are **igh** and **oa**

Our **tricky words** that we have been revising this week are **my** and **you**

Our **maths** learning this week has been about **counting beyond 20**

# Snakes and Ladders
