Messages for Parents/Carers –

We have really enjoyed this super Spring weather this week! Please remember to send in a water bottle and hat for your child every day. Please can we also remind you to check that all bottles and clothes are named especially cardigans and jumpers that are often removed during the day as it gets warmer.

This week we are thinking all about **caterpillars and butterflies**. In your family can you complete some of these home learning challenges?

You can upload photos onto Tapestry. Please title your post My home learning.

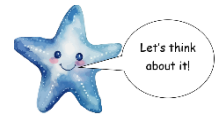

We can't wait to see how much fun you have learning about **caterpillars and butterflies at home!**

Terrific talk words

Transform Hungry

Longer Cocoon

Week Life cycle

Curious Crab

Can you make a paper plate life cycle for a caterpillar? You could add lots of detail and label each part using your sounds. Can you explain the life cycle to someone in your family?

Trying Turtle

Yoga can help you relax and keep fit. Can you join in and listen to the story of the Hungry Caterpillar? You will need to make sure are wearing comfy clothes and have space around you to stretch. Can your grown-up join in too? If it's tricky remember to keep on trying like the trying turtle.

Solving starfish

This week in our maths we have been subtracting or taking away. Can you play this game to help you practise? You will need to solve the number sentence to find the answer. Good luck!

Our **phonics** the sounds that we have been revising in school this week are **ch** and **sh**

Our **tricky words** that we have been revising this week are **he** and **she**

Our **maths** learning this week has been about **subtracting numbers to 10**.
