

BASSETT GREEN
PRIMARY SCHOOL

Year R: Our Learning

Friday 17th April 2026

Messages for Parents/Carers -

Welcome back! We hope you had a restful and relaxing holiday. We are looking forward to a busy and exciting half term. We will have some special visitors to help us with our learning about growing. Watch this space for more details!

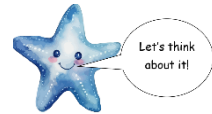

This week we are thinking all about **growing plants**. In your family can you complete some of these home learning challenges?

You can upload photos onto Tapestry. Please title your post My home learning.

We can't wait to see how much fun you have learning about **growing plants** at home!

Terrific talk words

ginormous booming
clambering fortune
miniature cash

Curious Crab

In the spring time lots of people plant seeds to grow for the summer. Could you plant something that you can watch grow? Cress seeds grow quickly and like to grow in a warm sunny place like a windowsill. Maybe you have a balcony or a garden and you could plant some pots with flowers or some tasty vegetables to eat!

Trying Turtle

Can you retell the story of Jack and the beanstalk using stick puppets?

Colour and cut out the pictures on the reverse of this sheet then add a stick or a straw to turn them into a fun puppet.

Can you create a new story using the characters or add in special drawing club codes to help Jack and the giant have some incredible adventures?

Solving starfish

<https://www.bbc.co.uk/iplayer/episodes/m002trf5/whats-in-your-plant-pot>

What might be growing in the plant pot? Can you help the fact pack to work out what is growing in the pot? Is it what you thought? Did it surprise you? Can you design a plant pot with a mystery plant in it?

Our **phonics** the sounds that we have been revising in school this week are **y, z, zz** and **qu**

Our **tricky words** that we have been revising this week are **all** and **are**

Our **maths** learning this week has been about **adding numbers to 10 by counting on**
