

# Year R: Our Learning

Friday 5<sup>th</sup> December 2025

## Messages for Parents/Carers

We love seeing the amazing home learning activities that you do at home every week. In school we hold a weekly show and tell session where we look through the pictures you upload and the children talk about what learning they have done at home. They love answering questions asked by the other children too! Tapestry also has weekly updates showing photos of our learning in school for children individually and in class. Please take a look at your child's Tapestry profile to see what fun things they have been doing in school.

This week we are thinking all about **Celebrations**

In your family can you complete some of these home learning challenges? You can upload photos onto Tapestry. Please title your post My home learning.

We can't wait to see how much fun you have learning about **Celebrations** at home!

### Curious Crab

Do you know when your birthday is and how you celebrate? Do your family have any special birthday traditions? Can you find out about birthdays and learn to sing and sign Happy Birthday?

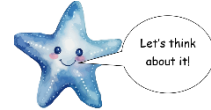

<https://www.bbc.co.uk/cbeebies/watch/something-special-happy-birthday>

### Trying Turtle

In the book about Little Glow, we see lots of pictures of streets at night time where some of the houses are dark and some have the glow of lights at the window. Can you make a picture of a night time street scene? Which windows will glow with welcoming lights?

### Solving starfish

How many candles will you need on the cake? Can you make some playdough cakes then roll a dice and put the right number of candles on the cakes to match the amount on the dice?

Our **phonics** sounds that we have learnt to read and write in school this week are **g** and **o**

Our **tricky words** that we have learnt this week are **go** and **to**

Our **maths** learning this week has been about **adding amounts to 6**
