Messages for Parents/Carers

I

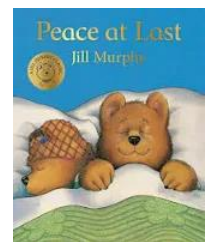

the

Tricky words – We are starting to learn our tricky words in school. These are words that cannot be sounded out using phonics so they need to be recognised just by looking at them. Can you challenge your child to find them when you are reading stories together? Can you say a sentence with the word in? We learn to read and write the whole word at the same time. The first tricky words we have learnt this week are **I** and **the**.

This week we are thinking all about **Bears**

In your family can you complete some of these home learning challenges? You can upload photos onto Tapestry. Please title your post My home learning.

We can't wait to see how much fun you have learning about **Bears** at home!

Let's see what we can find today!

I can do it if I can keep trying!

Let's think about it!

Curious Crab

What sounds can you hear at night near your house? In our *Peace at Last* story Mr Bear is kept awake by all sorts of interesting noises. Can you take a torch and go with an adult into your garden or for a little listening walk around your neighbourhood?

Trying Turtle

Do you like grizzly bears, polar bears or is Paddington your favourite? Can you make a bear using a paper plate or a circle of paper. It might be tricky but keep on trying. Can you give your bear a name? You could even make a whole family of bears!

Solving starfish

Can you help Teddy get ready for a party? Play this game to help him count the correct number of cakes or presents to take to the party! Scan the QR code to find the game.

Our **phonics** sounds that we have learnt to read and write in school this week are **m** and **d**

Our **tricky words** that we have learnt this week are **I** and **the**

Our **maths** learning this week has been about **counting amounts to 6**.
