

Year R: Our Learning

Friday 26th September 2025

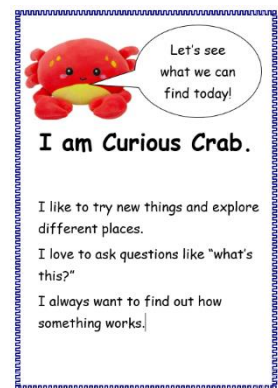

Messages for Parents/Carers

As the weather starts to cool down, please can we remind you to send your child with a coat to school every day. We love the outdoors and the children have the choice to play and learn outside many times during the day. As with all school clothes please name their coat and help your child to be able to put it on and take it off independently.

Characteristics of Learning.

We will be using three special characters to develop how we learn over the year. Each character is linked to a different way of learning, thinking and exploring. The first character we have introduced is **Curious Crab**. The children are loving being curious in school. Children may earn a Curious Crab sticker or a certificate at the end of the day. Please ask your child to tell you what they were curious about at school.

WHERE THE WILD THINGS ARE

STORY AND PICTURES BY MAURICE SENDAK

This week we have been thinking all about the book **Where the wild things are**

In your family can you complete some of these home learning challenges?

You can upload photos onto Tapestry. Please title your post My home learning.

We can't wait to see how much fun you have

Can you make wild thing puppet or mask? Maybe you could give it a name too? What is the wildest name you can think of?

We helped Max in the story to fill a sack with lots of objects beginning with the s sound. Can you make a collection of things that begin with a s sound such as socks, strawberry or scarves?

S

In our maths sessions we have been matching items to make a pair or a set. Can you help to sort the washing in your house by finding all the pairs of socks and joining them together?

Our phonics sounds that we have learnt this week in school are **s, a, i, e, o**

Our maths learning this week has been about numbers **matching items to make a set**
