

Year R: Our Learning

Friday 16th October 2026

Messages for Parents/Carers

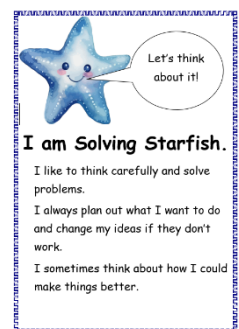

We are really looking forward to seeing as many of you as possible on Thursday 22nd October from 8.30 -8.50 to join us for our parent and child reading session in your child's classroom. We are sure that the children will be delighted to read a book with you.

Characteristics of Learning.

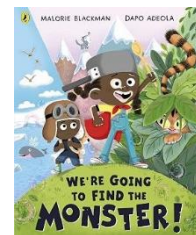

We will be using three special characters to develop how we learn over the year. Each character is linked to a different way of learning, thinking and exploring. This week we have been learning how to be a **Solving Starfish**. We are learning to think carefully and solve problems. To plan out what we want to do and change our ideas if they don't work. We are beginning to sometimes think about how we could make things better next time.

In your family can you complete some of these home learning challenges?

You can upload photos onto Tapestry. Please title your post My home learning.

We can't wait to see how much fun you have at home!

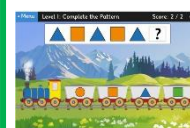

Can you be like the Solving Starfish and solve a problem? Can you work out the best way to build a bridge to cross a river or puddle? Is your bridge strong enough to hold a toy? If you built it again, what would you change to make it better?

We have listened to the story of the Magic Porridge Pot this week. Can you design a magic pot that could hold your favourite food? What food would you want to fill it with?

We have been learning about patterns. Can you complete these patterns looking carefully at the shape, size and colour? Scan the QR code to play the game.

Our phonics sounds that we have been listening to this week in school are **v l ch sh z**

Our maths learning this week has been about recognising **patterns**.
